

SEVERE-DUTY SOLUTIONS

Robust air conditioning and heating systems for demanding applications and environments.

INNOVATION

Complete engineering, design and development capabilities.

OCCUPANT COMFORT

Provides maximum comfort by maintaining a comfortable temperature inside the cabin.

MANUFACTURING

Manufactured using Bergstrom's world class manufacturing systems and processes.

TPR6

Heavy-Duty, Severe-Duty HVAC System

BESM-T-TPR6-24R1-EN-B

Main advantages:

- Rooftop mount.
- Heavy gauge stainless steel construction.
- Hydraulic-driven compressor, mounted within the unit.
- Outside fan-forced filtration and pressurization system.
- Fan-forced condenser assembly.
- Designed to provide high levels of air filtration.
- Offers climate control through refrigeration for cooling and hot water for heating.

Suggested Application

Experience HVAC systems designed to meet the toughest demands in extreme conditions

Bergstrom, the most trusted name in climate systems for commercial vehicles, has now revolutionized the way vehicles are cooled.
